- open access to the public domain by 10 days after receiving your comments and observations
- the name of the website is:

Euromene.eu

Perspective work plan

Update on

- To collect information of the existing small/medium-sized enterprises (SMEs) in the pharmaceutical, biotechnology and ICT industries in each EU participating country in order to create a list for a collaborative research;
- To get the presentations of the Cost Actions meetings for an update on the activities of the different WGs.
