

WG 6

Dissemination and exploitation, patient involvement, digitalisation

Chair

Lorenzo Lorusso (Italy)

Vice-leader

Anne Marit Mengshoel (Norway)

Perspective work plan

Webpage

Improvement the sections:

- regarding the participation of the Cost Action members with a complete list of them;
- the map of the institutions involved in the project and in especially of the coordinators in Riga;
- to reduce the text for an easy accessibility of the Cost Action activities

Webpage

- a page dedicated for a list of the association of CFS-patients in Europe (no chat and e-mail address of the members involved in the Cost Action);
- open access to the public domain by October on the server of the University of Riga with the name:

Euromene.eu

Perspective work plan

Update on

- To collect information of the existing small/medium-sized enterprises (SMEs) in the pharmaceutical, biotechnology and ICT industries in each EU participating country in order to create a list for a collaborative research;
- to receive the presentations of the 2nd meeting in Riga for the update on the activities of the different WGs.
